DETAILED ACTION

Allowable Subject Matter

Claims 7-11 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a capacitor corresponding to a pixel with all of the limitations of claim 1 in combination, wherein the pixel electrode is patterned to form an incision opening **between the opening and the coupling part** above the protruding part to expose the passivation layer. Therefore, independent claim 7 is deemed allowable along with its dependent claims 8-11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
